Mini Imprinter

You'll never know until the **day** you need one!

Model 4105

▶ The 4105 mini imprinter can be used with a wide range of standard or custom sales slips where no merchant plate is required. With its unique open design, the 4105 can print on any size formset on the upper left-hand side of the register tape, making it ideal for commercial/medical applications where non-standard forms are used and total portability is required.

Chargebacks

▶ Chargebacks occur when a customer or bank disputes a manually entered credit card transaction. Using an Addressograph Bartizan imprinter provides you with a copy of the transaction needed to prevent chargebacks.

Backup

▶ Addressograph Bartizan imprinters are the ideal solution to today's electronic problems. When electronic terminals fail, communication is lost or authorization is held-up, your business won't suffer if you have an Addressograph Bartizan imprinter.

Customization

▶ One of Addressograph Bartizan's unique capabilities is in the area of customization. Most imprinters can be customized with any color or logo. Logos can be applied to the imprinters in four different ways - hot stamping, silk screening, hot stamp transfers, or labels. Customization contributes to your corporate identity and image at a very reasonable cost. Contact us to learn more about customized imprinter.
