Model 840

▶ The Addressograph Bartizan 840 has become the imprinter of choice for high volume applications found in the retail, travel, hospitality, and entertainment industries. Its compact size is ideal for any merchant POS location. Eliminate unreadable prints or lost transactions due to poor impressions...with the ease and efficiency of an electric. Try an 840 wherever speed and accuracy are critical to your fast paced data capture needs.

Chargebacks

▶ Chargebacks occur when a customer or bank disputes a manually entered credit card transaction. Using an Addressograph Bartizan imprinter provides you with a copy of the transaction needed to prevent chargebacks.

Backup

▶ Addressograph Bartizan imprinters are the ideal solution to today's electronic problems. When electronic terminals fail, communication is lost or authorization is held-up, your business won't suffer if you have an Addressograph Bartizan imprinter.

Customization

▶ One of Addressograph Bartizan's unique capabilities is in the area of customization. Most imprinters can be customized with any color or logo. Logos can be applied to the imprinters in four different ways - hot stamping, silk screening, hot stamp transfers, or labels. Customization contributes to your corporate identity and image at a very reasonable cost. Contact us to learn more about customized imprinters.
